

GRACE DENTAL

To all our new and existing patients, we would like to make sure that you are aware that this dental clinic is not affiliated with any insurance company, whether private or government. Thus, we have no control over what they choose to cover within their services. As a courtesy to all our patients, we do direct bill to all insurances so you, as the patient, would not have the financial burden of the complete dental bill. But whatever the insurance does not cover, you will ultimately be responsible for those charges. We try to notify all our patients of any upcoming costs and will provide an estimate of what your dental insurance does not cover, whenever possible and anticipated. This is a service that our clinic offers to all our patients, which a lot of other dental offices do not extend to their patients since it requires a lot of effort on our part to check into each and every one of your insurances and it delays our clinic receiving the funds for services already provided. Yet, we consider it beneficial since patients are able to have their dental needs addressed in a more timely fashion. To help us, we greatly appreciate and advise you, as the patient, to be familiar with your dental plan since we, as a third party, have limited access to your account and policy information. Also, please notify us of any insurance changes so that we can update your information in our patient files. If there are any parts of this process which you need further clarification or assistance in order for us to work with your insurance, please do not hesitate to call us and we would be happy to help.

Signature: _____ Date: _____

Please give our office 48h notice of cancellation or changes to your upcoming appointments. Failure to do so, can result in a \$50 charge per hour of missed appointments.
